

SMILE PROTECTION PLANS

We want you to have a beautiful smile and healthy bite for the rest of your life. That is why Orthodontic Experts encourages lifetime retainer wear, even if it is only a few nights per week. One set of clear removable retainers is included in your treatment, at no additional charge. However, retainers are often lost or broken and have to be replaced at a high cost, or teeth will start shifting.

The replacement fee for lost or broken retainers can be between \$300-\$600. This is because new sets of impressions or scans have to be taken and sent to a laboratory to fabricate new retainers. Explore these more cost-effective smile protection plans to help you keep your smile beautiful.

* Plan will be void if it is necessary to rescan for retainers, which can happen due to the following: your teeth shift from their original position due to not wearing the retainer(s) and the new tooth position is different from the original model, retainers are lost or broken, models are lost or broken. Protection Plans are only available for Essix retainers. Restorations (crowns, implants, fillings, extractions, etc.) that cause retainers not to fit will void the Smile Protection Plan. Smile Protection Plans are not valid for pontic retainers.
